Effective On:

Issued On:

VERMONTTransco LLC
SUBSTATION PARTICIPATION AGREEMENT

This Substation Participation Agreement ("Agreement") is entered into between VermontTransco LLC ("VT Transco") and each undersigned PARTICIPANT. The Agreement is between VT Transco and each PARTICIPANT individually and not the PARTICIPANTS jointly.

WITNESSETH:

ARTICLE I

Basic Understandings

This Agreement establishes the allocation of costs associated with the operation and maintenance ("O&M") of facilities in VT Transco's substations where those facilities are used exclusively by a PARTICIPANT or in common with VT Transco. The purpose of this Agreement is to calculate and allocate operating and maintenance costs for each substation identified in a Standard Service Agreement.

For each substation to which this Agreement applies, VT Transco and PARTICIPANT shall execute a Standard Service Agreement, a blank copy of which is provided in Exhibit A of this Agreement. VT Transco will post on its Open Access Same Time Information System ("OASIS") a list that identifies each substation to which this Agreement applies.

ARTICLE II

Effective Date and Term

A Standard Service Agreement shall become effective between VT Transco and each PARTICIPANT at 12:01 a.m. on the date appearing on the signature page of such Standard Service Agreement, provided it has been executed by VT Transco and PARTICIPANT. The Standard Service Agreement shall remain effective as to the substation identified therein for an initial term expiring at 11:59 PM on the date shown therein and shall be automatically renewed for successive one-year terms thereafter until that Standard Service Agreement is terminated by VT Transco or PARTICIPANT. VT Transco or PARTICIPANT may terminate the Standard Service Agreement for a substation at the expiration of the initial term or at the expiration of any subsequent one-year term by giving written notice to the other at least 60 days prior to the requested termination date.

ARTICLE III

Design

VT Transco shall be responsible for the design and construction of each substation and shall prepare all plans and specifications necessary for its construction and operation. In doing so, VT Transco will apply sound utility engineering principles in its design in order to perpetuate the safety and reliability of its own facilities and those of any other party. The plans and specifications shall include the facilities necessary to meet the exclusive and shared-use requirements for the PARTICIPANT as set forth in a one line diagram included in the Standard

Effective On:

Service Agreement for the substation, such diagram having first been submitted to the PARTICIPANT for its review. VT Transco shall modify the design of the substation in accordance with the request of the PARTICIPANT provided that such modifications: (1) are proposed in writing by PARTICIPANT before construction of the substation has begun; (2) will not interfere with the safety and reliability of VT Transco's facilities or the facilities of any other PARTICIPANT. A complete set of plans and specifications will be made available to the PARTICIPANT on request.

ARTICLE IV

Cost of Design and Construction

All costs associated with a substation identified in a Standard Service Agreement, including the cost of design and construction, but not including O&M costs, shall be calculated and charged pursuant to the 1991 Vermont Transmission Agreement, as amended, which has been filed with and accepted by the Federal Energy Regulatory Commission and has been designated as Vermont Transco LLC Rate Schedule No. 1.

ARTICLE V

Operation and Maintenance of Substation

VT Transco shall be responsible for operation and maintenance of each substation and all equipment therein regardless of the status of legal title. Equipment will be scheduled out of

service for maintenance by mutual agreement between and among VT Transco and the PARTICIPANTS that own equipment in the substation in question. .

ARTICLE VI

Costs of Operation and Maintenance

PARTICIPANT shall own all facilities in the substation that PARTICIPANT needs to operate its own system and that VT Transco does not need to operate its system, as determined by VT Transco ("Exclusive Facilities"). Other than Exclusive Facilities owned by one or more PARTICIPANTS, VT Transco shall own all facilities in the substation. VT Transco shall determine the O&M costs for each substation. For each substation in which a PARTICIPANT owns Exclusive Facilities, it shall pay a portion of the O&M costs, such portion to be determined by dividing the original cost of that PARTICIPANT'S Exclusive Facilities in that substation by the total original cost of the entire substation, including any PARTICIPANT'S Exclusive Facilities in that substation and any other facilities in that substation.

VT Transco shall issue an invoice to PARTICIPANT each month, identifying the amount of O&M costs that PARTICIPANT owes for each substation in which it owns Exclusive Facilities. Such amounts shall be payable within 10 days of issuance of the invoice. Any amount due and remaining unpaid 10 days following the date of issuance of the invoice shall bear interest at an annual rate to be calculated in accordance with regulations of the Federal

Energy Regulatory Commission, codified in the Code of Federal Regulations, Volume 18, Section 35.19a, as such regulations may be amended from time to time.

ARTICLE VIII

Filing Fees

Each PARTICIPANT hereunder shall be required to reimburse VT Transco for any fee charged to VT Transco by any state or federal body having jurisdiction for any filing made by VT Transco with such body in connection with that PARTICIPANT.

ARTICLE IX

Regulation

This Agreement is made subject to present or future state or federal laws and to present or future regulations or orders properly issued by state or federal bodies having jurisdiction.

ARTICLE X

Assignment

This Agreement as between VT Transco and a PARTICIPANT hereunder shall be binding upon and shall inure to the benefit of, and may be performed by, the successors and assigns of VT Transco and such PARTICIPANT, except that no assignment, pledge or other

transfer hereunder by either VT Transco or such PARTICIPANT shall operate to release the assignor, pledger or transferor of any of its obligations under this Agreement unless consent to the release is given in writing by the other party, or, if the other party has theretofore assigned, pledged or otherwise transferred its interest in this Agreement, by the other party's assignee, pledgee or transferee.

ARTICLE XI

Arbitration

In case any dispute shall arise as to the interpretation or performance of this Agreement which cannot be settled by mutual agreement, such dispute shall be submitted to binding arbitration. The parties to the arbitration shall if possible agree upon a single arbitrator. In case of failure to agree upon an arbitrator within 15 days after the delivery by either party to the other of a written notice requesting arbitration, either party may request the American Arbitration Association to appoint the arbitrator. The arbitrator, after an opportunity for each of the parties to be heard, shall consider and decide the dispute and notify the parties in writing of the decision. Such decision shall be separately set forth in the arbitrator's findings of fact and law. The arbitrator shall not have the power to amend or add to this Agreement. Such decision shall be final and binding upon all parties except that, to the extent permitted by law, any party to the proceeding may petition a court of competent jurisdiction for review of errors of law. The expense of the arbitration shall be borne by the parties as determined by the arbitrator.

ARTICLE XII

Interpretation

The interpretation and performance of this Agreement shall be in accordance with and controlled by the laws of the State of Vermont.

ARTICLE XIII

Prior Agreements Superseded

This Agreement represents the entire agreement as between VT Transco and each PARTICIPANT hereunder relating to the subject matter hereof.
