Subject: FW: Meter Data Error Requested Billing Adjustments

Patty,

Below is the email from ISO-NE granting the RBA for Jan, Feb, and Mar. I have no other documents for the Op com meeting.

Thad

Subject: Meter Data Error Requested Billing Adjustments

Laurie:

The revised Meter Readings have been received for the Meter Data Error Requested Billing Adjustments (RBA 01/11/02 MD, 02/11/01 MD, and 03/11/01 MD). The verification process has been completed on the revised Meter Readings and the Meter Data Error RBAs will be granted. The processing of the Meter Data Error RBAs will continue based on the resettlement deadlines provided in the "Notification of Meter Data Error RBA in Progress". The uploads will be uploaded into the SMD Application closer to their respective deadlines for Data Submission and you will receive the upload confirmation via the ASK ISO Issues that were created for you (Issue#623, Issue#650, Issue#651).

If you have any further questions, please contact Customer Support with the above listed Issues numbers.

Regards,

Customer Support
