

The VELCO logo is displayed in a bold, white, sans-serif font. It is positioned on the left side of the top banner, which features a scenic background of rolling hills with autumn foliage and several transmission towers.

VERMONT'S TRANSMISSION RELIABILITY RESOURCE

ISO-NE update

August 2014

Markets Committee Highlights

- Charging ahead on Price Responsive Demand (PRD).
- Moving forward with capacity zone modeling plan.

Reliability/Planning highlights

- GII: NESCOE requested an extension of the current NEPOOL schedule for consideration of proposed tariff changes. (Mass Legislation did not pass)
- Making changes to Elective Transmission Upgrade (ETU) process

Other Regional Highlights

- VELCO met with NESCOE and the NE GII team to discuss transmission cost estimates and NTAs.
